

Improved pc board mounting misalignment from our conventional product. (※)  
The number of poles and lead pitch can be freely set to match the wiring pattern.

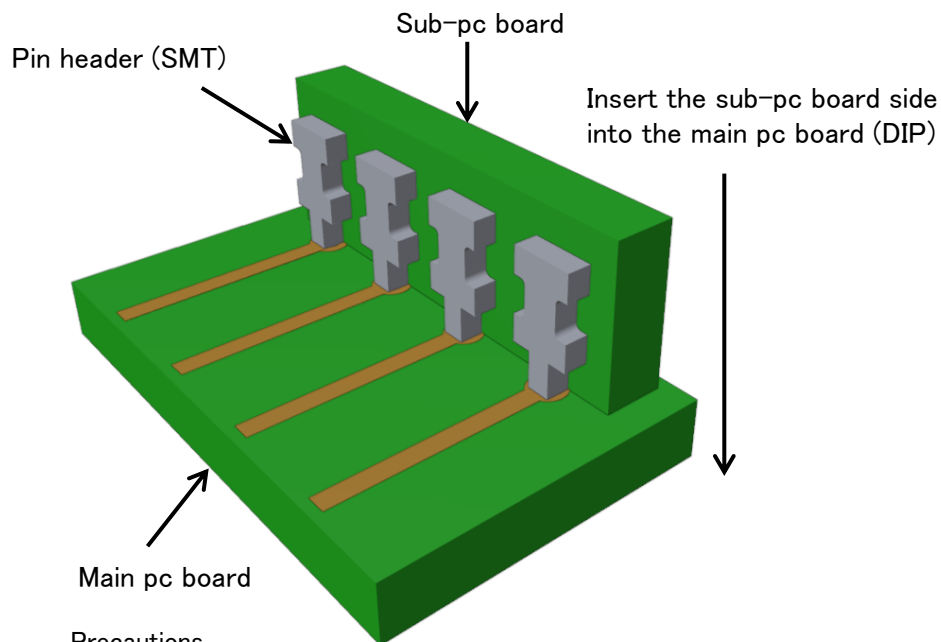

※ Based on our evaluation

# Pin header for SMT

## Purpose of use

【PC board connection image】

### Precautions

- Since the terminal tip protrudes from pc board, be careful of deformation.
- This product is an electrical connection component and requires a separate structure to hold pc board.

## Product Summary

- Surface mounting enables mounting on pc board in the same process as general electronic components
- Number of poles and lead pitch can be freely set to match the wiring pattern
- Improved mounting misalignment on PCB compared to our conventional products (Based on our evaluation)

## Product Specifications

Product name	Pin header
Shape	
length	7.1 mm
Width	1.7 mm
thickness	0.64 mm
Material	Brass
Surface Treatment	Tin plating
Main PCB-thickness	1.6 mm
Mounting Method	Surface Mount
Delivery form	SMT Embossed Carrier Tape
Number of packages	5000pcs./Reel
